KODI A-Z
Zelf uw Kodi van A-Z volledig werkend installeren

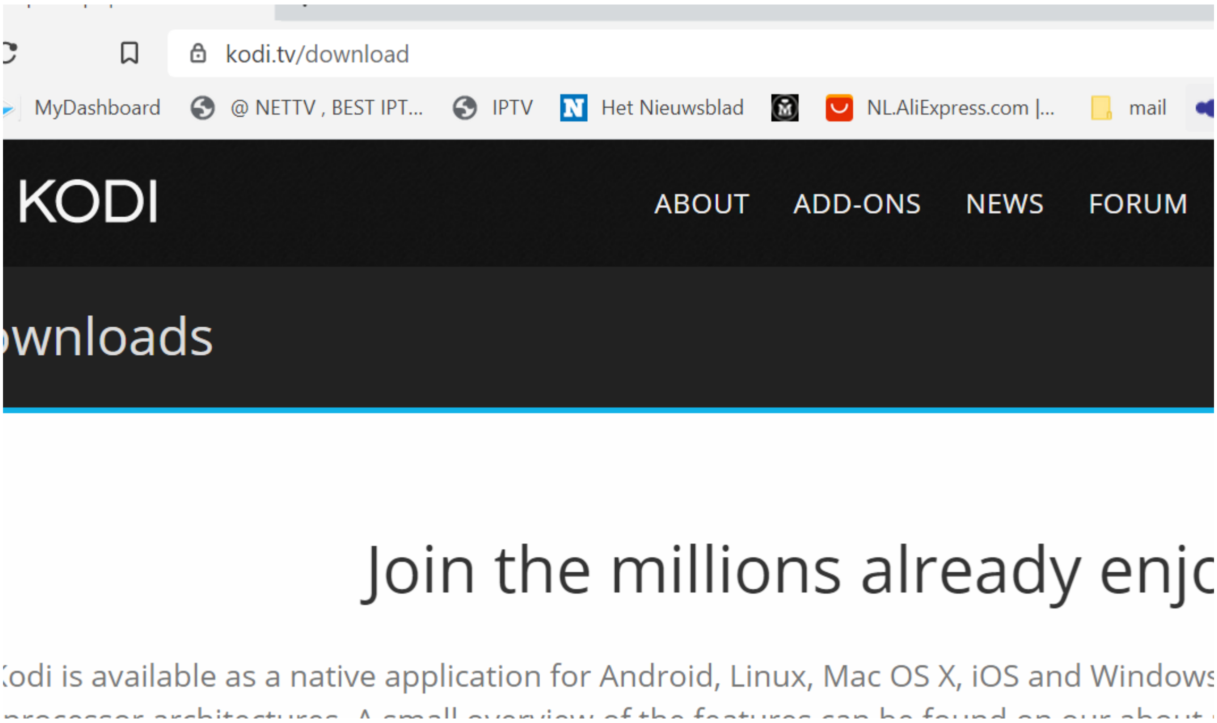
LES 1: Installatie KODI en veranderen SKIN

1. KODI INSTALLATIE

Omdat Kodi zo veel makkelijker te maken is via een Windows pc gaan we dit dus ook op de pc doen. Later in de handleiding zullen we u leren hoe u deze op een android box kan zetten.

A. KODI DOWNLOADEN

ga naar de website: https://kodi.tv/download



Join the millions already enjc

:odi is available as a native application for Android, Linux, Mac OS X, iOS and Windows

Kodi v18.7 "Leia"

The installation of Kodi for Windows is straightforward like most other Windows applications. Simply download the installer, and run it then follow the prompts.

Release
INSTALLER (64BIT)
INSTALLER (32BIT)
WINDOWS STORE

Kodi Setup
KODI
Next >

Welcome to Kodi Setup

Setup will guide you through the installation of Kodi.

It is recommended that you close all other applications before starting Setup. This will make it possible to update relevant system files without having to reboot your computer.

Click Next to continue.

Installeer kodi.

2. SKIN VERANDEREN

Je hebt nu kodi geïnstalleerd maar geef toe de skin trekt op niks. Dat is mijn idee. Ik ben persoonlijk fan van de AEON NOX SilVO skin omdat deze toch wel de makkelijkste is om in te werken.

Sinds KODI Leia is AEON NOX Silvo ook geïntegreerd in kodi dus is hij makkelijker te installeren.

a. Open kodi en klik op wieltje (systeem)
